

CORPORATE & SERVICE PROFILE

www.nesscong.org

NEW ENERGY SERVICES COMPANY LIMITED

VISION, MISSION & CORE VALUES

OUR VISION

To be the leading and preferred integrated energy company, globally recognized for our competence, character and commitment.

OUR MISSION

To be the foremost provider of bespoke EPC and Facility Management services with the accountability of efficient maintenance and project management.

Collaboration

We work closely and openly together with clients, partners and suppliers at a local and global level to deliver safer and stronger results for all.

Integrity

We apply the highest ethical standards in everything we do. We treat clients, our people, partners and suppliers fairly and with respect.

Innovation

We create smarter and simpler solutions to meet the industry's needs by combining technology, expertise, assets and partnerships to deliver projects.

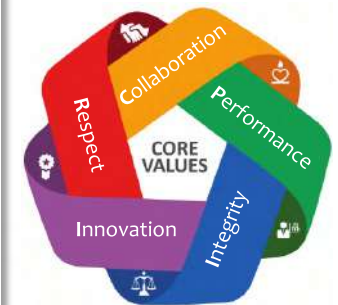

Performance

We are driven to achieve the outcomes our clients want. We are trusted to achieve superior performance from every project.

Respect

We conduct our business with the highest level respect for clients, partners, and stakeholders.

OUR QHSE CULTURE

At the center of all operations is a relentless dedication to always achieving the highest level of Quality, Health, Safety and Environment (QHSE). The dedication has earned us several commendation certificates for excellence over the years and remains our key operational focus in the delivery of services to our clients.

Our Objectives

-  ZERO Lost Time Injury (LTI)
-  ZERO Hurt
-  +ve Environmental Influence
-  Quality Optimization
-  ZERO Fatality
-  ZERO Incidence/Accident

Our Approach

Strong Leadership commitment to efficient Safety Management Systems.

Our Results

Over 1.5 M Safe Working Man-hours with Zero LTI delivered in till date.

Our Accreditations

ISO 45001:2018
ISO 9001:2015

LIFTING OPERATION & MAINTENANCE

SUPPLY & INSTALLATION OF LIFTING EQUIPMENT

To ensure we meet your expectations, we have collaborated with the best manufacturers of cranes across the world. NESSCO solely represents TSC Offshore, UNIC Cranes Europe and Techcrane International LCC. in Nigeria.

Techcranes International LCC

Manufacturer of Offshore Cranes:

- Fixed Boom
- Telescopic Boom
- Lattice Boom
- Knuckle Boom

TSC Offshore

Manufacturer of Offshore Cranes:

- Pedestal Cranes
- Kingpost Crane
- Fixed Platforms
- Jack-up Barge

UNIC Cranes Europe

Mini Spider Cranes. Applications:

- Gas Lifting & Installation
- Confined Access
- In Between Floors
- Below Ground & Roof Top

LIFTING OPERATION & SUPPORT SERVICES

Support Services

- Provision of Certified Equipment Operators
- Provision of Certified Maintenance Personnel
- Lifting Equipment Supply (Slings, Shackles, Hooks, etc)
- Training Services
- Easy to access spare parts & accessories

Inspection Services

- Mobile / Tower Crane Inspection
- Offshore Crane Inspection
- Heavy Lift Load Testing
- Offshore Container Inspection
- Cargo Carrying Unit Inspection
- Proof Loader Testing
- Wire Rope NDT
- Lifting Accessories

Lifting Management Services

- Recertification of Cranes & Other Lifting Equipment
- Lifting Repairs & Maintenance
- Refurbishment of Lifting Equipment

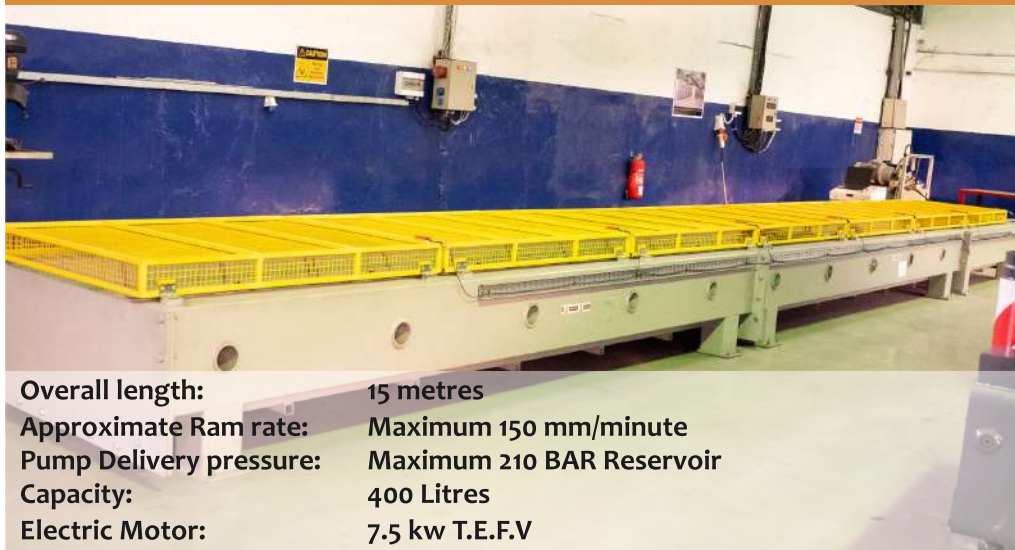

IMR, TESTING & INSTALLATION

200 TONS TEST BED

NESSCO 200 Tons Computerized Horizontal Tensile and Compressive Test Bed is available for testing of materials such as steel wire ropes, cables, cylinders, nylon ropes, chain, webbing slings, etc.

Our equipment are calibrated in accordance with ASME E4 and ISO 75001. Features include:

- Hydraulic cylinder to load.
- High precision load cell to measure testing force.
- Photoelectric encoder to measure displacement.
- Computer control system.
- Proof load and break load test.
- Testing space and piston stroke.

Overall length: 15 metres
Approximate Ram rate: Maximum 150 mm/minute
Pump Delivery pressure: Maximum 210 BAR Reservoir
Capacity: 400 Litres
Electric Motor: 7.5 kw T.E.F.V

HOISTS & WINCHES

We are your one source for hoisting products with lifting capacities up to 150 tons.

We also provide in-house repair of electric, lever, manual chain, and wire rope hoists for limitless applications.

- Most experienced and qualified technicians are assigned to perform hoist inspections and repairs.
- Repairs and testing comply with ASME B30.16 and B30.17 specifications.
- Static and dynamic tests are performed.
- Test certificates will be provided in both electronic or hard copies instantly.
- Repairs and testing are performed at our facility.
- All repaired hoists and pullers are load tested.
- We can repair and test to theatrical standards upon request.

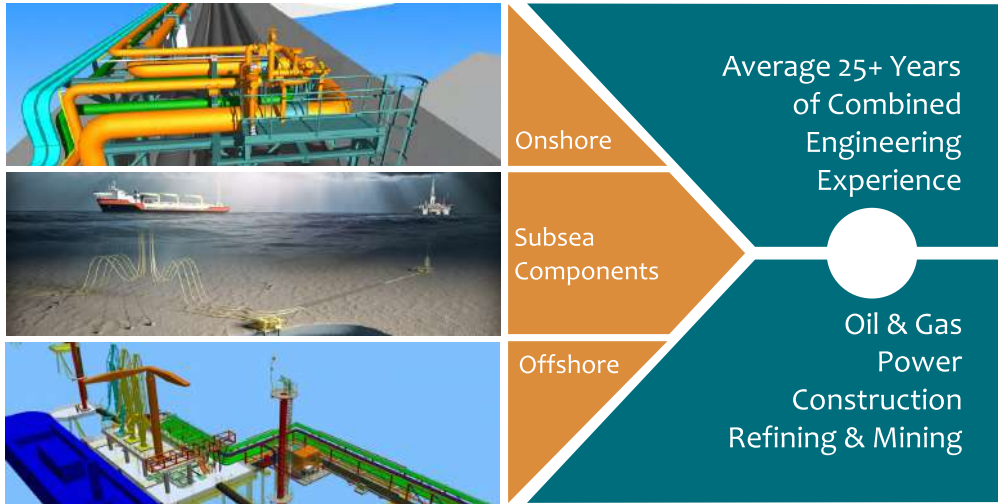

NESSCO experts have in-depth knowledge of the oil, gas, petrochemical, power, renewable energy, civil and infrastructure fields, providing Asset Integrity Management solutions which clients need to achieve productivity gains, while meeting safety and environmental concerns.

What We Offer:

- Pipeline Integrity Management
- Pipeline Pigging, Descaling & Decoking
- Pipeline pre-commissioning & maintenance
- Leak Detection Testing
- Chemical and Tank Cleaning Services
- Retro-Jetting & Oil Flushing Services.
- Controlled Bolt Torque and Tensioning.
- Wellhead Maintenance
- Structural Integrity Management
- Corrosion & Prevention Control
- Risk Assessment
- Facilities Inspection & Maintenance
- Fitness for Purpose Assessment
- Corrosion Failure Analysis and Investigation
- Asset Life Extension studies
- Wireline & Coiled Tubing Services

ENGINEERING SUPPORT SERVICES

Engineering Capabilities

- Conceptual Studies
- Front End Engineering Design
- Detail Engineering Design
- Transportation & Installation Engineering
- Procurement & Construction Support
- Project Management & Administration
- Pre-commissioning & Commissioning Support
- Heavy Lift

Technical Expertise

- Process and Safety
- Production Equipment
- Civil works and Structures
- Instrumentation and Control
- Electrical Facilities
- E-Housing
- Subsea Components
- Design and Drafting

END-TO-END PROCUREMENT SOLUTIONS

Supply Experience

We have demonstrable experience in the supply of:

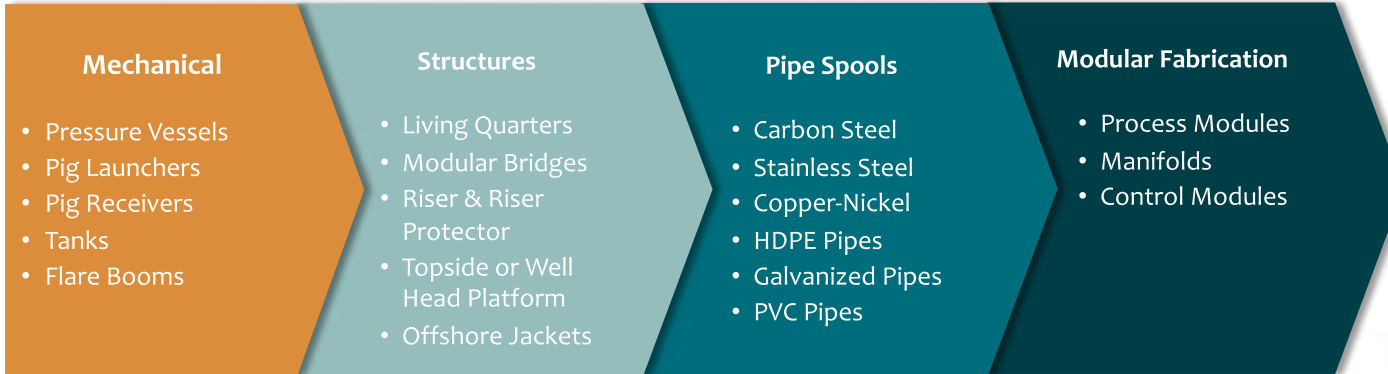

- Structural Materials
- Valves
- Line Pipes & Pipe Fittings
- Mechanical Equipment
- Umbilicals & Subsea Equipment
- Pumps & Compressors
- Process Vessels
- Electrical & Instrumentation Material.

Procurement Capabilities

- Global Sourcing & Execution Planning
- Office and In-Shop Expediting
- Inspection & Transportation Coordination
- Field Material Control
- Latest Technology Solutions

Our long-term relationships with the vendors (OEMs) allow us knowledge of current market pricing, upcoming / forecasted price increases, & potential delivery challenges.

FABRICATION CAPABILITIES

CONSTRUCTION & INSTALLATION CAPABILITIES

CONSTRUCTION YARD & WAREHOUSE

The NESSCO state-of-the-art Construction Yard is located at **Plot 124B Trans-Amadi Industrial Layout, Port Harcourt, River State, Nigeria**. It is 100% Nigerian owned facility with an approximate land area of 5,000 sqm and provides access to all major roadways.

Our Construction Yard Capabilities:

- Inspection, Maintenance & Repairs (IMR) Services for Hoists, Valves, Cranes, Rigging Materials, etc
- Certification of Cranes & Other Lifting Equipment
- Lifting Operation Services
- Asset Integrity & Management
- Production of customized Hydraulic Hoses that meet customer’s specifications
- Construction of Modular Skids & E-Housing
- Offshore and Onshore Maintenance Programs
- Construction of Onshore Modules & Structures
- Construction of FPSO & Subsea Components
- Construction of Buoys

SOME NESSCO EQUIPMENT

Lifting Equipment

200 Tons Test Bed

Welding Equipment

Uninterrupted Power Supply

Drilling Equipment

Hose Pressure Tester

Ultrasonic Bath

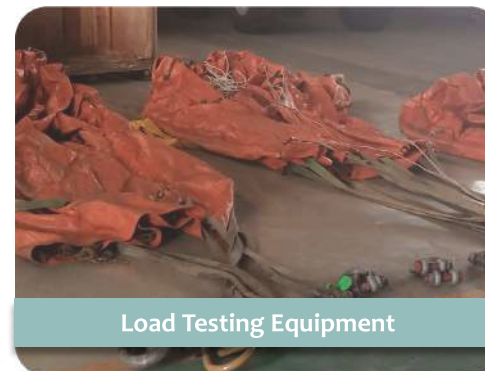

Hose Skiving Machine

Metal Bandsaw

Hydraulic Pressing Machine

Load Testing Equipment

Gridding and Fitting Machine

TECHNICAL ALLIANCES

Construction & Installation

- Fabrication of Modules with all equipment including E&I.
- Construction of Topside Modules,
- Skids and Process/Treatment Packages.
- Turnkey, Shutdown & Maintenance jobs.
- Structural steel and piping fabrication and assembly

Modular Bridges & Fly-Overs

- Supply of Bridging Materials.
- Supply of Goods for the Design, manufacture and delivery of modular steel bridges.
- Services for commissioning.

EPCIM

- Topside Equipment Design & Construction
- Hoisting & Handling Equipment
- Mud systems and Pumps.

Pipe-In-Pipe

- High Insulated Flowlines with a wide range fit-for-purpose for flow assurance
- Currently installed on USAN and BONGA

Consumables

- High performance consumables for the process and the industrial maintenance
- Penetrate and release, Clean, Use, Lubricate, Assemble, Protect.

OUR ACCREDITATIONS

ISO 45001:2018

Occupational Health & Safety Management System

Certificate of Approval

This is to certify that the OHSMS of
New Energy Services Company Limited
 Plot 292H Ajose Adeogun Street
 Victoria Island
 Lagos
 Nigeria

Has been assessed and found to meet the requirements of

ISO 45001:2018

This certificate is valid for the following scope of operations

The Provision, Sales, Distribution and Management of Services to the Oil and Gas Industry including the sourcing and supply of produce and the Provision of offshore Crane Maintenance, Inspections, and Other Heavy Lifting Equipment and Pipeline Repair and Maintenance, Facility Management / Maintenance.
